

House Committee Urges Spy Trials

Two Atomic Scientists Involved

Washington, Sept. 27—(AP)—A 36-page report, in which the committee said it has been able so far only to "scratch the surface" of atomic spy activities in this country, recommended these legal actions:

1. Prosecution of Steve Nelson, Communist party organizer in Pennsylvania, on charges of outright espionage, and citation of Nelson for contempt of Congress for refusing to answer committee questions.

2. Prosecution of Dr. Clarence F. Hickey, his former wife, Marjorie Sand Hickey, and Dr. John H. Chapman, on charges of conspiracy to commit espionage. Hickey and Chapman were atomic bomb project scientists during the war.

Accuse Three Of Conspiracy

The committee accused the latter trio of conspiring with one Arthur Adams to pass along to Adams secret information on their work in New York and Chicago on development of explosive derivatives of uranium. The report identified Adams as an active spy for Moscow and said he is presumed now to be in Russia.

Although it called for Dr. Chapman's prosecution along with the others, it called him a cooperative witness and recorded his denial that he ever gave Adams any secrets.

Proposed Prosecutions Would Be Under The 1917 Espionage Act, Which Provides A Maximum Penalty Of Death Or Up To 30 Years Imprisonment.

May Ask For Perjury Charges

The committee also said a mysterious "Scientist X" should "either be prosecuted forthwith or cleared." That is a separate west coast case.

It added that it may ask later for perjury charges against three witnesses heard in recent weeks.

The report also said Dr. Martin D. Kamen, now a professor at Washington University in St. Louis, "very definitely gave classified information" to a Russian consular official in San Francisco in 1944. Kamen "concedes that what he did constituted a gross indiscretion," the report said, adding:

"Whether that was all it was, or whether it constituted something more than that, the committee is not prepared at this time to say."

The Kamen affair was reported as separate from the Hickey-Chapman and "Scientist X" matters, although the committee declared it was pursuing leads which indicated a tie-up of all atomic spying at the top.

Unearth French Fort Near Starved Rock State Park

Champaign, Ill., Sept. 27—(AP)—An old French fort, which scientists believe is Fort St. Louis, has been unearthed near Starved Rock, La Salle County, Ill., Dr. John C. McGregor, associate professor of anthropology at the University of Illinois, said tonight.

McGregor and Dr. Peneth Orr, of the University of Chicago, and Thomas Lee, of Fort Bruce, Ontario, Canada, were members of an expedition which spent most of the summer digging on top of Starved Rock. Lee, currently attending the University of Michigan, was a student for the group. He drew pictures to scale of items uncovered at the site.

"We found evidence of structures which we believe were the remains of a French fort—Fort St. Louis," McGregor said. "We found quantities of trades materials—beads, pottery—which seemed to be French. We found one room too deep and too big for anything the Indians might have built."

Purebred Cattle Perish In Fire

Marengo, Ill., Sept. 27—(AP)—Twenty-one head of purebred shorthorn cattle and two bulls perished tonight when fire destroyed a large barn on the Curtis Candy company's farm No. 60, four miles west of Marengo. Total damages were estimated at \$100,000.

Herbert Schmidt, 47, a herdsman, was badly burned when he attempted to lead the animals to safety. He was removed to St. Joseph's hospital at Belvidere.

Otto Schermer, president of the Curtis Candy company, estimated damage at \$100,000. He said the livestock was valued at \$60,000, and the barn, \$40,000.

Dewey Outlines Plan To Develop Resources

Seattle, Sept. 27—(AP)—Gov. Thomas E. Dewey charted tonight a vast development of the nation's natural resources to provide "more power to wage the peace."

The Republican candidate for president outlined a nine-point program geared to regional supervision, in a large measure, of the country's rivers.

In a major campaign address prepared for delivery at 10:30 p.m. CST, Dewey said:

"Just as we needed vast amounts of hydroelectric power to develop the atomic bomb, we now need more power to develop the peace."

Dewey estimated that America's power-producing capacity will have to be increased by almost 20 percent during the next five years "if our nation is to have new factories and electricity we need to lighten the burden of work in our homes and on our farms."

Calling for power and reclamation development to build a stronger nation, the New York governor said "we are determined to be strong enough to live in peace."

As an example of what he had in mind, the New York governor deferred briefly to the dispute over the Berlin blockade—now being checked to the United Nations—and added: "In the hearts of peace-loving

Companies Bid To Lease Government Owned Foundry

Chicago, Sept. 27—(AP)—Four bids to lease the open hearth section of a government owned steel foundry in East Chicago, Ind., were received today by the War Assets Administration.

All bidders proposed payment on a production basis with minimum monthly or yearly rental guarantees.

Companies bidding today are: Rotary Electric Steel Co., Detroit, Mich.; Glazer Steel Corporation, Knoxville, Tenn.; Pittsburgh Mills Steel Co., Inc., New York City, and Portsmouth Steel Corporation, Portsmouth, Ohio. All companies proposed the plant be used for the production of steel ingots.

The open-hearth section of the facility includes approximately 267,900 square feet, six open hearth furnaces and other machinery and equipment.

Whether that was all it was, or whether it constituted something more than that, the committee is not prepared at this time to say."

Illinois Pilot Dies In Collision Of Fighter Planes

Peoria, Ill., Sept. 27—(AP)—One pilot was killed and another escaped injury tonight when two F-51 fighter planes of the 169th Air National guard fighter squadron collided at Municipal airport.

Major Arthur Szold, commander of the Peoria-based squadron, said the name of the dead man could not be disclosed until next of kin had been notified. It is known he was a second lieutenant.

Unscathed in the accident, which occurred on the airport's main runway, was Raymond McMains, 31, of 410 Glendale ave., suburban Creve Coeur, Ill.

Witnesses said McMains, who saw action as a fighter pilot in the Pacific theater during World War II, was taking off at the time of the collision. His plane had just cleared the ground when it rammed into another fighter which had just landed and was being taxied toward the hangars.

Both planes were demolished. McMains' plane burned.

McMains said "I didn't know what I hit until I got out. I didn't get a scratch."

Both of the planes were taking part in routine night transition flights.

Although McMains escaped without injury, he was badly shaken up by the crash.

Further details were not immediately available.

Adlai Stevenson Harangues Green

Galesburg, Ill., Sept. 27—(AP)—Adlai E. Stevenson, Democratic nominee for governor, said tonight that Gov. Dwight H. Green has 35,000 to 40,000 "public payrollers campaigning" for him.

Stevenson said in a speech prepared for delivery at Galesburg tonight that the Republican governor in his campaign for a third term "has brought an army of political in-laws into Illinois and they're eating and sleeping in style while we pay the bills," he added:

"Illinois voters are fed up with doling out millions so that Pete Green can pay off his campaign workers."

Green Denies Gamblers Are Supporting Campaign

Chicago, Sept. 27—(AP)—Governor Green tonight denounced as an "outrage" the "malicious vilification" Democratic statements that gamblers have kicked in funds to his election campaign.

"I have never had any truck with hoodlums or gamblers, and I never will," the Republican governor declared in a radio-television speech, the first of six he will make in his bid for a third term.

"I denounce as an outright lie any statement that I have ever sought or received one penny from those sources," he added in his prepared address.

He said he had never heard of gamblers "wasting their money or their threats on men who could neither help them nor harm them."

Green's Democratic opponent, Adlai E. Stevenson, charged in a recent speech that "underworld lords have financed Governor Green's campaigns."

Green declared the accusation was a "phony issue" being used as the basis for "a campaign of malicious vilification and innuendo." He asserted that voters will "dismiss this campaign lie" and "rebuke those who have stooped to spread it."

The governor said the sheriff and state's attorney in each county are responsible for enforcing anti-gambling laws and that he had no power to interfere. He took this position, he added, in reply to suggestions that state police "should be hunting dice games, slot machines and punchboards."

Green said state patrolmen were empowered to enforce general criminal laws "only in cooperation with local authorities."

"Actually, local authorities need no help if they wish to enforce the gambling statutes," he said.

Outlining part of his reelection platform, Green called for a permanent branch of the University of Illinois in the Chicago area and expressed hope the project would be started in the next four years. The university now operates a temporary branch at Navy Pier, Chicago.

He also said the state "must provide every dollar our pocketbook can afford" for schools.

Call For Action On Bernadotte's Palestine Plan

Paris, Sept. 27—(AP)—British Foreign Secretary Ernest Bevin today called on the United Nations to approve speedily Count Folke Bernadotte's Palestine peace plan. He termed it the "best hope for healing the breach" between the Arabs and the Jews.

Spokesmen for the Arab nations expressed opposition to any imposition of a Palestine settlement by force. Sir Mohammed Zafrullah Khan, foreign minister for Pakistan, assailed Israel as a "cancer in the Middle East that must be removed."

Bevin opened Britain's policy declaration to the 58-nation assembly with a review of the Holy Land situation. He noted that the United States and France also are backing the plan put forward by the assassinated U. N. mediator. The Arabs oppose it and the Jews have criticized some parts.

"We (the British) have decided to support Count Bernadotte's plan in its entirety and we would urge speed in dealing with it," he said.

Judge Rules Even Churchill's Dog Is Annoyance

Washington, Sept. 27—(AP)—If a dog howls, he's an annoyance—even if he does belong to Winston Churchill.

So said Judge Stedman Prescott of Montgomery county, Md., circuit court today in directing owners of a large kennel to keep their dogs from disturbing the neighborhood.

The kennel at Ashton, Md., houses from 40 to 70 dogs, it was testified, and some of the pups belonged to such noted people as Winston Churchill, Henry A. Wallace and Marlene Dietrich.

Said Judge Prescott: "These are very prominent persons, but it is difficult to discern any difference in the annoyance caused by a large group of howling dogs, whether owned by a prime minister, a movie star, a former vice president, or just a commonplace person like oneself."

Warren Contends State Government Be Revitalized

Springfield, Mass., Sept. 27—(AP)—Gov. Earl Warren declared tonight that government must be revitalized at the state and local level if the nation's faith in its governmental processes is to be preserved.

Coming for the first time into New England, the No. 2 Republican made decentralization of federal governmental controls a "must" for future national policy.

The Republican vice presidential candidate said that in recent years the American people have been "propagandized" to depend upon decisions by a paternal and centralized federal government, and to expect "white rabbits" from the hat of "some government agency."

"There is no magic in Washington," Warren asserted in an address prepared for a Republican rally at Springfield's Municipal Auditorium.

Berlin Crisis Might Destroy U.N.: Bevin

Get Together Or Out Is Berlin's Edict

Berlin, Sept. 27—(AP)—The Berlin city government told the quarrelling allied occupation powers today they should get together on a Berlin settlement or all get out of the city and let the Germans run it.

Berliners looked to the United Nations as a last desperate chance for a peaceful settlement of the east-west dispute over the blockaded city, but most people felt there was little hope.

The German press was almost unanimously pessimistic that the U.N. could succeed where direct negotiations had failed. The Communist press claimed Berlin was none of the United Nations' business and warned its intervention might wreck the world peace organization.

Amid the speculation following the breakdown in east-west negotiations two things seemed immediately certain:

1. The air lift supplying Berlin's western sectors over the Soviet ground blockade will be expanded as much as necessary to meet the needs of approaching winter.

2. The building of a western German government in the British, French and American occupation zones will be speeded as a counter-thrust against the growing Soviet pressure on Germany.

A resolution drafted by the executive branch of the Socialist-dominated city government contained the suggestion that the Germans be given full responsibility for the city government.

But the resolution also asked that "so long as the occupation of Germany continues" and Berlin remains under four-power control "no one power have any more influence in Berlin than any other."

This was a direct slap at the Russians, who have been seeking to overthrow the legally-elected government and achieve full communist control of the city.

Try Missouri Farmer On Income Tax Evasion Count

St. Louis, Sept. 27—(AP)—A southeast Missouri cotton farmer went on trial today before U. S. District Judge George H. Moore on a charge of evading \$93,418 in income taxes for 1942 and 1943.

Walter Richardson of Marston, in Missouri's Bootheel, was indicted by the 1947 September term grand jury on two counts charging him with failing to report \$148,431 of an alleged \$170,000 income.

U. S. Attorney Drake Watson said the government will show that Richardson paid only \$3,000 in taxes during the two-year period. He said Richardson owns two cotton gins and between 10,000 and 11,000 acres of farmland. He said the trial will bring out that Richardson used three or four different names in financial transactions and maintains separate bank accounts in those names.

Convict Unfolds Story Of LaSalle County Jail Break

Ottawa, Ill., Sept. 27—(AP)—One of three Mississippi convicts who broke from LaSalle county jail Sept. 23 today told authorities he smuggled in their escape weapon during a "visit."

The three were recaptured by a posse yesterday near Seneca. Sheriff Edward T. Ryan said George Brooks, 24, unfolded this story of preparations for the break: After two of the convicts were seized and jailed at Mendota, Ill., George traded a rifle to a Marcellus merchant for a .22 caliber revolver.

While authorities hunted him, George visited his brother, John, 21, and Lewis Thomas, 22, posing as a "war buddy" of his younger brother. He brought in the revolver strapped to his leg.

John concealed the weapon behind a bent piece of his steel cell wall.

George was arrested later and jailed. The three made their jail break at the conclusion of a conference between the Brooks brothers and their lawyers, Taylor E. Wilhelm and Carlos O. Davies.

John, armed with the revolver, forced the two attorneys and two jail attendants into a cell and freed Thomas.

The men were seized on the Robert Callahan farm two miles east of Seneca. A posse brought to the area on a tip by Frank Miller, a farmer, uncovered the fugitives just as they were about to abandon the search because of darkness.

MOVE TO IMPROVE STATE INSTITUTIONS

Springfield, Ill., Sept. 27—(AP)—Contracts totaling \$1,138,159 for improvements at three state institutions were awarded today by the state division of architecture and engineering.

The work includes general repairs at Geneva Training School for Girls, a wiring job at Southern Illinois University, Carbondale, and plumbing, heating and power plant alterations at Illinois Soldiers and Sailors Home, Quincy.

Checks totaling \$900 were presented to the Michigan veterans' facility here by national officials of G. A. R. auxiliaries.

Theodore A. Penland, 89, of Portland, Ore., presiding officer of the 82nd annual encampment, and two Centennial comrades, John H. Grate, 103, Atwater, Ohio, and Charles L. Chappel, 102, Long Beach, Calif., attended the ceremony at facility headquarters.

Would Blame Russia For Atomic War

Paris, Sept. 27—(AP)—Britain's Ernest Bevin warned today that the United Nations may fall apart over the east-west conflict and the possibility arose that a double veto by Russia will keep the Berlin crisis out of the Security Council.

The foreign secretary told the U. N. Assembly that Russia alone will be to blame if the black fury of an atomic war grips the world. It is impossible to work on a world basis he declared, "we must proceed on a regional basis."

Accusing Russia of insincerity, untruthfulness and evasion, he said: "It is better to have our difficulties now than to live in a fool's paradise." He added:

One Power Responsible

"If the black fury, the incalculable disaster of atomic war should fall upon us, all I can say is, that one power will alone be responsible for the evils which may be visited upon mankind."

A delegate from Soviet-dominated Poland told a reporter tonight that Russia may invoke the double veto to block council acceptance of the western powers' Berlin case and thus snuff out airing of the charges against Russia at the very start. His statement came as the three powers moved swiftly for emergency council handling of the situation.

The western powers completed their notes to the council charging Russia with threatening world peace through her road, rail and river blockade of the battered German capital.

Ask For Quick Action

The notes ask for urgent action. The council may take up the case as early as Thursday with the very life of the U. N.—and perhaps peace—at stake. Identical notes from the United States, Britain and France will be delivered to U. N. Secretary-General Trygve Lie tomorrow at 3:30 p.m. (8:30 a.m. CST).

Be debate on the merits of the case may never start. Julius Katsch, the Polish delegate, said Russia would argue in the council that the Berlin situation is not a threat to peace. He said the Soviet Union may use the double veto to keep the problem off the agenda (calendar).

Under the double veto—used three times in council history by Russia—she would vote against putting the western-power complaint on the agenda, arguing that the negative vote was a veto. If other members challenged, Russia would veto the challenge.

Speculate On Russ Tactics

There has been wide speculation here over the tactics the Russians will use. Some observers expect the Russians to walk out if the council goes ahead with debate. Others expect a Soviet veto at the end if there is a debate.

The three-power notes cite Article 39 under Chapter Seven, the most powerful section of the U. N. charter. The council is given the power to eliminate threats to the peace through such pressure as economic and diplomatic sanctions and, finally, armed force.

TRUMAN, SMITH CONFER

Aboard Truman Campaign Train, Sept. 27—(AP)—President Truman and Walter Bedell Smith, American ambassador to Moscow, conferred in person today on the Berlin crisis and the Russian situation.

Smith flew from Washington to Dallas, Tex. He was closeted with the president and Mr. Truman's campaign train rolled northward toward Bonham, Tex.

Presidential Secretary Charles G. Ross said the meeting did "not necessarily foreshadow new action by the chief executive of the United States."

MOSCOW RETALIATES

London, Sept. 27—(AP)—Moscow radio tonight described foreign secretary Ernest Bevin's speech before the United Nations as "an attempt to veil his rejection of Soviet proposals for peace and security."

This brief comment came in a news bulletin in English heard by the Soviet monitor in London. There still was no mention of the western powers' plan to take the Berlin dispute to the security council.

The Soviet news agency Tass in its nightly review of U. N. activities from Paris referred to Bevin's speech as "a clumsy subterfuge" which ignored generally known facts.

Appoint U. OF I. News Director

Champaign, Ill., Sept. 27—(AP)—George D. Stoddard, president of the University of Illinois, today approved the appointment of a director of newspaper services and research at the university.

The director will serve as executive officer of the Illinois Press Association. He will devote some time also to newspaper research. The university will appropriate \$4,000 a year for the director's salary. The IPA will provide his office staff and will pay his traveling expenses.

Fred S. Silbert, director of the School of Journalism, said he hopes to select the new appointee before the Oct. 23 IPA meeting in Decatur.

AN OVERWORKED PHRASE

If you could have a dime for every time the presidential nominees are introduced in this campaign as "the next president," you would become a rich man. Probably no other phrase has ever had such a workout as this one receives every four years.

Reporters who follow the candidates say that there is seldom a variation from this manner of introduction. At jerk-water stops, at railway stations, in public parks, in civic auditoriums, everywhere the candidate appears he hears himself hailed as the next president—"And now I give you, without further delay, the NEXT PRESIDENT OF THE UNITED STATES."

It rarely fails to get applause, though the candidate, having heard it so many times he has almost developed traumatic neurosis, has difficulty forcing a dry grin of appreciation.

Why not vary it a little? They might say: "And now I give you a man who I sincerely believe will make a great president—that crusading campaigner and great American," and so on.

It might be enough just to call him "that invincible nominee," that "triumphant campaigner" or that "unconquerable American crusader."

It hardly seems possible that any candidate will fail of election for want of being introduced as a sure winner. It wouldn't hurt just to introduce him by name, but if the victory motif can't be dispensed with, let's vary the language, at least. That could go for lesser candidates, too.

A REALISTIC PEACE VIEW

Everett Dirksen, retiring congressman from Pekin, Ill., became one of the most highly rated representatives during his long stay in Washington. Correspondents rated him among the first five men of the house in usefulness to the nation.

He became interested in world affairs and a convert to the cooperative peace idea. He saw no other way to prevent wars. But the immediate prospects, Mr. Dirksen recently told the Peoria Advertising and Selling club, which he addresses annually, are not bright. At the same time, he saw no hope of our retiring to enjoyment of our own freedom and prosperity.

Summed up, his advice is: "We must be forthright and keep the door of hope open always. We must do all for the outside chance of peace. We must remain strong in spite of possible cost and sacrifice. We must go on with the realistic work of healing the distortions of Europe and creating a buffer, strong enough to relax the burdens which are directly upon us."

This is good advice, and it is pretty well shared by the candidates of our two major parties and the men surrounding them.

There is no absolute assurance that it will work. There is room for argument as to how far we should go in military support for western Europe. But this policy combines reasonable precautions with the maximum of decency.

Jean Lothian Weds Raymond S. Demaree

Bride's Uncle Receives Vows In Church Rites

Miss Jean Lothian of this city, daughter of the late Rev. and Mrs. Harry Lothian, became the bride of Raymond S. Demaree of Quincy in a ceremony performed Sunday Sept. 26, at high noon at the First Presbyterian church in Mattoon.

Dr. Horace Batchelor, uncle of the bride, officiated at the rites which took place in the presence of immediate families of the couple and the church congregation. Dr. Batchelor also gave the bride in marriage.

The church chancel was decorated for the occasion with baskets of white flowers arranged against a background of ferns and palms. Candelabra flanking the altar were lighted by Dwight and Daniel Demaree of Rushville, twin brothers of the bridegroom. A recital of organ music furnished background for the ceremony.

Mrs. Earl D. Biggs of this city served as matron of honor. The bridegroom was attended by his brother, William Demaree of Rushville.

Bride Wears White

For her wedding the bride chose a gown of traditional white, fashioned of sheer marquisette over taffeta. A wide, tucked Medieval yoke-collar topped a fitted bodice from which fell an extremely full skirt of ballerina length. Her short veil was held in place by a halo of rubrum lilies and she carried a matching bouquet of lilies.

Her only ornament was an antique pendant of hand-painted porcelain worn by the bride's mother at her wedding at which Dr. Batchelor also officiated.

Mrs. Biggs was attired in an aqua taffeta gown of ballerina length. She carried a colonial bouquet and had a headress of gardenias.

Reception Follows Service

Immediately after the ceremony a reception was held in the church parlors. In the receiving line, in addition to the wedding party, were Mrs. Tom Goller, sister of the bride, and Mr. and Mrs. Morris Demaree of Rushville, parents of the bridegroom. Mrs. Goller wore a dress of blue with gray accessories and a corsage of red roses. The bridegroom's mother was attired in navy blue with black and white accessories and a corsage of pink roses.

Later a wedding dinner was served at the Dinner Bell tea room in Mattoon for members of the wedding party and immediate relatives. The table was centered with the traditional wedding cake which was cut by the bride and groom.

The couple left for a trip through the Ozarks and upon their return will be at home at 828 Main street, Quincy.

Being the bride wore a wine-colored gown with gray topcoat and accessories of black suede. The corsage from her bridal bouquet completed her ensemble.

Bride Is Former Teacher

The new Mrs. Demaree attended Illinois college, where she was a member of Gamma Delta society, and was graduated from MacMurray college. She has been teaching in the public schools of Wisconsin Rapids, Wis., and Springfield, Ill., for the past four years.

Mr. Demaree was graduated from the Rushville schools and from Central College, Fayette, Mo. For the past several years he has been engaged in farming.

Guests at the wedding included Mr. and Mrs. Tom Goller and Mr. and Mrs. Earl D. Biggs of this city, Mr. and Mrs. Roy Vernon of Chicago, Mr. and Mrs. Morris Demaree, Dwight and Daniel Demaree, all of Rushville, Miss Kate Sevier of Waverly and Dr. and Mrs. Horace Batchelor of Mattoon.

Virginia—C. Wayland Brooks and the Republican caravan of state and county candidates appeared at the court house in Virginia Friday night before a packed court room. Hoping to have the rally in the court house yard, it was moved into the court room due to the cool weather. Brooks and the state candidates moved on to Havana to attend another rally and street dance.

Francis Gillen and County Chairman Dave Wilson introduced the speakers. Sid Simpson, Congressman from the 20th district, gave the final address of the evening. He spoke on the accomplishments of the recent congress.

Music was furnished by an orchestra from Springfield before the speakers arrived.

TURKEY FACES HEALTH PROGRAM

Instanbul—(P)—An acute shortage of hospital space plus wide-spread disease is giving Turkey a critical social problem. Kemal Beyazit, minister of health, said following a recent nation-wide tour that thousands of persons requiring hospital treatment must go unattended because of lack of beds. Construction of new hospitals ranks high on the country's program for social welfare.

A commission of doctors from the University of Instanbul recently conducted a survey along the Black Sea regions and reported they found 80 per cent of the population suffering, in one stage or another, from tuberculosis. The health ministry, while criticizing this figure, admitted tuberculosis was wide-spread. The commission, supporting its report, insisted the figure of 80 per cent was not the "fruit of imagination" but a careful calculation. In some areas, the commission said, not a single doctor could be found and some peasants did not know the meaning of a doctor.

Drugless Health

IF YOU ARE a sufferer from these ailments, try GEO-MINERAL. You may be astonished at the results. You need not guess—you will see facts. GEO-MINERAL comes from the earth—Nature's Laboratory. Contains NO dope, NO alcohol, NO oil. ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. Lack of minerals in the blood causes anemia, headaches, nervousness. Minerals generate mental brilliancy, give sparkling eyes, red cheeks, fight disease, build up health. RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ills. People, on the advice of doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there regularly twice a year.

Amazing Results

GEO-MINERAL contains minerals you get at the world's best springs. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will SEE it. Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, relieving you. And then realize the priceless value of GEO-MINERAL. YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wonderful springs of Lourdes, France, and famous Thronion in ancient Greece where, according to legend Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

Jane Wallbaum Bride Of Rollin E. Taylor Couple Married In Pretty Rites At Our Saviour's

Glowing tapers, arranged amidst a setting of ferns and white gladioli, provided a lovely background for the marriage of Miss Jane Pauline Wallbaum and Rollin Eugene Taylor, which was solemnized in an early morning ceremony Monday at the Church of Our Saviour.

The bride is the daughter of Mr. and Mrs. W. P. Wallbaum, 898 Routt Street. The groom is the son of Mr. and Mrs. C. E. Taylor of Winchester.

The couple pledged their vows in a double-ring service performed at 7:30 by the Rev. Father Raymond Franzen, who was also celebrant of the nuptial Mass which followed. Appropriate wedding selections were played by Mrs. Alta Eisch.

Attended By Cousin
Miss Dorothy Jane Cobb, cousin of the bride, served as maid of honor. The best man was Richard Wallbaum, brother of the bride. Mr. and Mrs. Lawrence Taylor, brother and sister-in-law of the bridegroom, acted as groomsmen and bridesmaids, respectively.

Seating the guests were Norbert Ellering and Charles A. Cobb Jr. The bride's brother, John Wallbaum, and Donald Wagner served the nuptial Mass.

Given in marriage by her father, the bride was attired in the traditional wedding gown of heavy white satin, fashioned with a shadow-sleeve yoke of illusion tulle, which lent an off-shoulder effect to the draped Bertha neckline. The slim bodice featured long tightly-fitted sleeves which tapered to points over the wrists and enfolding into a long, flowing train.

Heirloom lace trimmed the fingertip veil of French illusion, which was held in place with a coronet of pearls and orange blossoms.

As her only jewelry the bride wore a single-strand of pearls, given her by the bridegroom. The bridal bouquet was of white chrysanthemums, centered with an orchid and tied with a shower effect of satin streamers.

The gowns of the attendants were designed with sweetheart neckline, cap sleeves and tightly fitted bodices and featured a drape effect at the hipline. Miss Cobb's gown was of dawn rose satin while Mrs. Taylor wore jewel green satin.

Both wore matching satin mitts and bands of satin loops in their hair. They carried colonial bouquets of mixed fall flowers.

Reception At Hotel
A reception, attended by more than 150 friends and relatives, took place at the Dunlap hotel immediately following the wedding.

For receiving the guests, Mrs. Wallbaum, mother of the bride, wore a gray dress with black accessories. A black dress with matching accessories was worn by the bridegroom's mother. Both had corsages of white roses, centered with a gardenia.

The serving table, decorated in a color scheme of pink and green, held a three-tiered wedding cake, topped with miniature bride and groom. Assisting with the serving were Mesdames Norbert Ellering, Leo Taylor and Lloyd Markille and the Misses Mary Agnes Ring, Mary Margaret Flynn, and Rosemary Cosgriff. A medley of piano tunes was played during the reception by Mrs. Eisch.

Leave For Canada
After the reception, the couple left on a wedding trip to Canada. As her going-away ensemble, the bride chose a suit of forest green, complemented with black accessories and the orchid from her bridal bouquet.

Mrs. Taylor was graduated from Routt High school with the class of 1944 and from Brown's Business college in 1945. For the past three years, she has been employed in the office of Drs. F. A., R. M. and H. V. Norris. She is a member of Alpha Jota sorority.

Her husband attended the Winchester High school and served in the navy during World War II. He is now employed at the Caterpillar tractor company in Peoria.

Upon returning from their wedding trip, the couple will make their home at 802 Jackson, Peoria.

The Loves of Carmen

By SOPHIE KERR

THE column of cavalry rounded the corner of the narrow, ancient street, the horses' hoofs clapping noisily over the Spanish cobblestones. The day was hot and lazy. The sun beat down on the plumed helmets and the yellow tunics of the dragoons in the column as they rode toward the great Sevillian square.

They rode easily, with a bored indifference. All excepting one, a young, fresh-faced and handsome fellow. His sleeve held a corporal's chevrons and he did his best to appear as professionally disinterested in the new and exciting sights of Seville as were his comrades, but it was impossible for him to hold his eyes in check. They darted from side to side along the narrow streets.

The column rode across the square toward the great gate of the military barracks. Even with the color and the clank and the hoof-clapping of the company, few citizens were out to watch. It was siesta time and the square was almost empty.

As the column crossed the square, the corporal had all he could do to keep from twisting in his saddle to view all sides of his new place of duty.

Once through the gate the column lined up abreast and dismounted at an order from the hard-faced sergeant. The sergeant walked directly to the corporal.

"Your name?"

The corporal saluted smartly.

"Don Jose Lizarabengoa of Navarre, reporting for duty."

"The colonel will see you now. Follow me."

THE colonel was a sensuous, handsome man in his early forties, with perceptive, heavy-lidded eyes. He was standing before a desk bare of papers and he observed the corporal with cool detachment as the young soldier stumbled nervously to attention before him.

"Don Jose Lizarabengoa of Navarre reporting for duty, sir."

"It is my duty and my pleasure, Don Jose," the colonel said, taking a paper from the top drawer and glancing at it as though to verify what he had to say, "to welcome you to our regiment."

"Thank you, sir."

The colonel gave the younger man a long, appraising look. When he spoke again his tones were deliberate. "No doubt you have heard that life is pleasant in this regiment; that it is a fashionable catch-all for young men of good family with no talents to speak of. You may have heard that we are called the gay policemen, because we do little more than stand guard there and there a few hours a day and keep the peace, such as it is, in Seville."

The colonel paused as an orderly came into the room with a bottle of wine and a glass on a tray. As the orderly gave the tray down and started to uncork the bottle, he continued, "The rest of the time you may have heard—"

"Oh no, sir," the corporal murmured.

The colonel ignored the interruption. "—is spent in the consumption of many bottles of wine, in gambling, and in making love to the girls from the cigar factory. There are approximately 200 of these girls. The factory is next door to our barracks. He nodded his head toward the window. "A great blessing and a convenience for the dragoons."

The orderly started to fill the glass of wine.

"You may have heard that our time is spent in the consumption of many bottles of wine, in gambling, and in making love to the girls from the cigar factory," the colonel told Don Jose deliberately.

"Yes, sir," said Don Jose, agreeing blindly.

THE orderly paid more attention to the conversation than to what he was doing and poured the glass too full, spilling wine upon the polished desk. By not so much as the flicker of an eye did the colonel appear to notice this, and the orderly, in quick panic, leaned over to mop it up with the end of his sash. The colonel continued talking to Don Jose.

"I say you may have heard these things and they are quite true," he turned slightly and with a vicious movement slapped the orderly across the face with the back of

his hand. The suddenness and the sound of the blow made Don Jose's eyes blink. The colonel said, "Get out." The orderly almost ran out of the room, eyes watering. Don Jose stood stiffly, belying the fact that anything untoward had happened. The colonel sat down comfortably in his desk chair.

"Let me inform you Don Jose, that a young man willing to work and to maintain a degree of integrity, sobriety, and honor has a bright future in this regiment. There are altogether too few I can trust. Your record is good. You Navarros are hard-working, moral, and proud. We need more like you here. I hope you are ambitious?"

Don Jose answered automatically, "Yes, sir." Then as though he were confiding precious information, he said, "I am told that in Seville a promotion in the Dragoons is a step toward a Government position."

The colonel nodded, his mouth twisting into a wry half-smile. He turned in his chair and looked at the corporal obliquely as though he were looking back across many years at himself and his own ambitions and seeing also the hopelessness that they had brought. He put his fingers together in front of his chest, making a steeple, stared into them for a moment and then said, "A good thing to keep in mind, I am sure. I will do what I can to help you." He glanced up at Don Jose. "Have you ever been in Seville before? Do you know the city?"

"No, sir."

The colonel leaned over and scribbled a few words on a piece of paper from the same carry-all drawer in his desk. "You are relieved of duties for 48 hours. Look about the city. Familiarize yourself with it. The people here and in Andalusia generally are a different breed from you northern-

less. In no way did it remind the country boy of the clear, strong rapids of Navarre that threw themselves from mountain tops into rich valleys. Nor were the people like the direct clear-eyed robust people of his home.

The somewhat ramshackle buildings had pillars which upheld balconies, and the general effect was poor but spacious. There was none of the narrow confinement that characterized most of the streets in Seville.

Don Jose strolled slowly. He pulled out his watch, a large gold object at the end of a heavy chain, and looked at it casually. He swung it for a moment, idly, looking absently at his pocket. One or two men, a dog, a woman carrying a duck, and two ragged urchins trotting along the stone embankment were all that seemed to be moving in Seville so far that afternoon.

As he reached the foot of the street, Don Jose stopped and leaned on a post to get his bearings, or rather to decide whether he should walk to the right, to the left, or to continue straight ahead. Suddenly an orange peel landed with flung force on the pavement at his feet. He looked up.

About two feet above his head he saw a pretty foot encased in a red shoe. They were red morocco shoes fastened with flame-colored ribbons, covering white silk stockings with more than one hole in them. Above the legs he saw a full short red skirt, then a blouse, then the head of a wild, tousled hoyden, as beautiful as sin. She had thrown her shawl back to show her shoulders, and a rose was thrust into the low-cut bosom of her blouse.

In his own country, had Don Jose seen a woman dressed like that, he would have crossed himself.

BRITISH UNCOVER A MURDER 35,000 YEARS AGO

Brighton, Eng.—(P)—Ritual murder 35,000 years ago by English savages is believed to have been the fate of a woman whose spear pierced skull has been found buried under hundreds of tons of rock in a cave near Waleys, in Derbyshire.

A L. Armstrong, who calls the woman "The Mysterious Lady of Whaley," uncovered the remains. He announced his find in a lecture to the British Association meeting here.

"The woman lived before the last ice age and she may have been a chieftainess or a witch doctor," he said. "She had been beheaded and her skull was deliberately buried in a box formed by rock slabs."

SINGAPORE SCRAPS BIG GUN

Singapore — (P)—One of those famous big guns that couldn't save Singapore from the Japanese is going back to England — as scrap metal. The giant 15-inch barrel, located at the eastern end of Singapore island where the colony's new civil-military airport is being built, was cut into pieces and is being shipped back to swell Britain's scrap-metal stock pile.

The gun had been put out of action by the Royal Engineers when the Japanese fought their way into Singapore in 1942. It had to be removed because it obstructed the new airport runway. The Japanese had started to cut the gun up. They got 100 tons of scrap from it. Working on it with automatic portable burners, workers recently took a month and salvaged 200 tons more of metal.

WOODEN SMOKES ARE HOT.

Vienna—(P)—Viennese blackmarketers—who should have known better—thought they had a bargain when a man offered them American cigarettes at the ridiculously low price of 60 cents per pack of 20. The man disposed of his entire stock of 100,000 cigarettes.

The last contented customer was just leaving when the first angry one was back asking for his money and the blackmarketers promised a lynching party if the wholesaler did not return their money. The cigarettes were only neatly-packed pieces of wood. The man returned \$3,000 and was allowed to leave in one piece.

SIMPLE SOLUTION TO A "GHASTLY" CRIME

Brussels—(P)—When the head and parts of the body of a woman were fished from a canal at Mons, crime experts of the Belgian press talked darkly of murder by a fanatic who had dismembered the body to hide his crime.

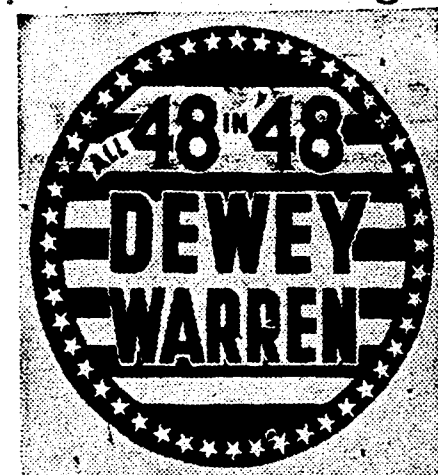

Police investigators finally announced their decision: suicide. What at first seemed a macabre crime was explained when it was found that each part of the body recovered bore the propeller marks of a passing barge.

MOST REFUGEES EMPLOYABLE

Geneva, Switzerland—(P)—Of 625,000 refugees receiving care and maintenance from the International Refugee Organization about 54 per cent are employable, according to a recent survey by the IRO. The remainder were children under 16 years of age, persons over 65 years of age, mothers of young children, individuals in transit for repatriation or resettlement, and a small number of chronically ill or disabled persons.

The IRO said about one-third of the 226,690 men who are employable are skilled workers, one-fourth are agricultural workers and one-eighth are professional men and managerial workers. Among the 113,788 employable women, 19 per cent are classified as skilled workers, 17.7 per cent are in service occupations and 16.3 are agricultural workers.

Boston Braves Clinch N. L. Pennant Sunday, First Since 1914

BY RALPH RODEN

Associated Press Sports Writer
The Boston Braves are "in" today and the Cleveland Indians are brushing their feet on the welcome mat spread for the American League's entry in the 1948 World Series.

Billy Southworth's Braves gained admittance to the World Series Sunday when they clinched their first National League pennant since 1914.

The Indians moved a game in front of the runnerup Boston Red Sox and New York Yankees in the tensest taut American League race and are on the threshold of joining the Braves in the series.

Cleveland, behind the brilliant five-hit pitching of Bobby Feller, downed the Detroit Tigers, 4-1, while the Yanks dumped the Red Sox, 6-2, in the third game of their cut-throat series.

The Indians, like their pursuers, have only five games to play but, unless they suffer a sudden collapse, Manager Lou Boudreau's boys can't miss.

Schedule Favors Tribe

If the Indians win three of their remaining five games, the Red Sox or the Yanks must take all five to beat out the Indians.

At the rate the Indians are moving winning three out of five is a cinch as the Tribe has won nine out of its last ten starts. Another feather in the Indians' bonnet is the fact they play out their schedule at home starting Tuesday night. They take on the last place Chicago White Sox in the opener of a two-game series and then close out with a three-game series against the Tigers.

The Red Sox, although they have lost three out of their last four games, are in a better position to overhaul the Indians than the defending world champion Yankees who finish out on the road.

SPORTING GOODS

Boston is at home for the rest of the season and the best tonic for the slumping Sox is Fenway Park's chummy left field wall. The Sox resume the chase against the weak Washington Senators Tuesday in the opener of a three-game series and close out the season with the Yanks.

Yanks Tackle A's

The Yanks invade Philadelphia for the first of three games Tuesday and Connie Mack's A's are ready for them. The A's have been idle for the past four days and that means Dick Fowler, Lou Brissie, Joe Coleman and Carl Scheib will be on the firing line.

Feller was supreme Sunday. The big right-hander, in bagging his sixth straight win and 18th of the year, fanned nine and didn't walk a batter. Feller's only bad inning was the fourth when, with one out, Vic Wertz, Pat Mullin and Dick Wakefield singled in succession to produce the Tiger's lone run.

Joe Gordon gave Feller a working margin when he hammered Hal Newhouse for his 31st homer with a mate on in the third inning. Feller bunted home Cleveland's third run in the fourth and the Tribe completed its scoring in the seventh. Newhouse, seeking his 20th win, was tagged with his 2th loss.

Byrne Stuns Red Sox

A capacity crowd of 69,755 fans watched the Yanks make it two out of three over the floundering Sox at the Yankee Stadium. Tommy Henrich got the Yanks off to a good start when he socked his 25th homer with Phil Rizzuto on base in the first inning off Lefty Mel Parnell. The Yanks served it up in the third with two more runs.

Southpaw Tommy Byrne stymied the Red Sox on five hits. Meanwhile, Boston is toasting the Braves—particularly Bob Elliott. Vern Bickford and Nels Potter and, of course, Southworth.

The Braves assured themselves of the bunting by nailing out the New York Giants, 3-2, on Elliott's three-run first inning homer off Larry Jansen. Bickford blanked the Giants until the eighth when he faltered and gave up two runs. Potter stepped in the breach, snuffed out the rally and safeguarded the slender margin the remaining distance.

Braves Six Games Ahead

Boston is six games ahead of the runner-up Brooklyn Dodgers. The Braves have six games to play and the Dodgers five.

The Dodgers turned back the Philadelphia Phillies, 5-1, to protect their half game lead over the third place St. Louis Cardinals.

St. Louis, behind the four-hit pitching of left Al Brazle, stopped the Chicago Cubs, 5-2. The Cards collected Bob Rush for three hits and three runs in the first inning. Two walks, followed by two errors let the Red Birds tally twice in the seventh.

The Pittsburgh Pirates banged their way to within a half game of the Cards by taking a twin bill from the Cincinnati Reds, 8-6 and 8-5. Pittsburgh's Ralph Kiner blasted his 40th homer to highlight the nightcap win. The game was called because of darkness after eight innings.

In the remaining American League game Randy Gumpert pitched the last place Chicago White Sox to a six hit 3-0 win over the St. Louis Browns. Washington and Philadelphia were idle.

Wilson-Chenoweth Tie For First In Club Golf

K. L. "Spike" Wilson shot a 79 over the Country club course Sunday and Kenneth Chenoweth had an 81. The handicaps of the two players gave them identical 71 scores and the championship of the Class A division of the class sweepstakes tournament.

Other Class A winners: A. J. Lauff, 81-9-72; and E. E. Luschbaugh, 83-11-72.

Class B winners: R. H. Bradley, 84-14-70; Fletcher Hopper, 93-18-75.

Class C leaders: Fred Hopper, 95-23-72; L. J. Gray, 95-20-75; William Deutsch, Sr., 107-30-77.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Sept. 27.—(P)—Hog prices were steady to 25 cents lower today, but cattle were weak to as much as \$2 off, while sheep were steady to 50 cents higher. Total cattle receipts of 133,300 head at the nation's major terminals were the heaviest in 51 weeks. Last Oct. 6 an estimated 143,000 head appeared at the same markets.

Most good and choice butcher hogs sold from \$25 to \$29.50, the top, and sows brought \$24 to \$28.50, their top.

The biggest proportion of their cattle value decline appeared on steers grading below high-choice and on bulls, the latter class having been removed from the market Friday because of the low bids.

Fed steers grading high-choice topped at \$41, but late sales of good and choice steers were in the \$30 to \$38 range. Good and choice fed heifers made \$27 to \$36, while beef cows ranged downward from \$23.50 and good weighty sausage bulls had a practical top of \$23. Vealers continued to top at \$33 in a firm trade.

Utah spring lambs topped the market at \$25.25 for five loads grading good and choice, while comparable natives sold at \$25. Western slaughter ewes topped at \$10.50.

Total receipts included 9,000 hogs, 16,000 cattle, 600 calves, and 4,500 sheep.

New York Stock Market

New York, Sept. 27.—(P)—Prices were swept down as much as 3 points today on the stock market in a selling wave that followed a new deadlock in the Berlin crisis.

The volume of trading went beyond 1,000,000 shares.

Rail shares led the slide closely followed by steels, oils, metals and motors. Aircraft issues resisted the general fall and remained steady although without much activity.

Dealings were active at the opening, but dwindled each hour.

Brokers felt such diminishing pressure indicated some resistance to the decline. On the other hand, brief rallies failed to attract orders.

Widest dips were made by Nickel Plate, U. S. Gypsum, Texas Co., Standard Oil (N.J.), U. S. Steel, Youngstown Sheet & Tube, Chrysler, Goodrich and International Harvester.

Bonds were easy, and governments were quiet in the over-the-counter market.

CORN LOWER—WEAKER CASH GRAIN MARKET; WHEAT HOLDS FIRM

Chicago, Sept. 27.—(P)—December corn was under pressure late in today's Board of Trade session. Selling was indicated largely on a weaker cash market, which was off 8 to 10 cents from Saturday's level.

Wheat held about steady the greater part of the day on commission house buying said to be for cash houses against anticipated exports to Italy, for their last quarter allocations.

The trade continued to receive reports of excellent corn and soybeans prospects in Illinois.

Receipts were: wheat 79 cars, corn 304, oats 60 and soybeans 89. At the finish wheat was 4 to 38 higher than Saturday's close, December \$2.23-4. Corn 4 to 18 lower, December \$1.35-36. Oats were 1 higher to 1 lower, December 72-1. Rye was 13 to 15 higher, December \$1.58-1. Soybeans were 1 to 1 cent higher, November \$2.35.

The Old Professor Hoids Coaches' Class

New York, Sept. 27.—(P)—The old professor peered curiously at his class. The class peered curiously at the old professor. It looked like the old curiosity shop instead of the first fall session of the Monday morning class of football coaches.

Old Professor—Greetings and salutations, gentlemen. And who, pray tell, is this white-haired individual with the flowing beard?

Frank Leahy, Notre Dame—It's me, Frank Leahy, professor. Believe it or not, I was a young man Saturday about 2 o'clock. I never saw a better football game in my life; it went just as we all had anticipated. I am very proud of my team. Not only are we satisfied with the one-point margin, but it looks like a million. Frank Leahy's performance was superb.

Old Professor—Purdue—Our squad played the greatest losing game I have ever seen. No one can question the courage of those Boilermakers who forced the issue with the Irish all the way in the face of breaks that might have demoralized a lesser squad. And now look what's ahead—Northwestern and Michigan in order.

Old Professor—It isn't pool. Purdue this year, I take it. Mr. Snively, please don't light matches in class.

Carl Snively, N. Carolina—I was just showing how our boys were fired up while Texas seemed to be complacent, professor. The boys can't help it, and it's fatal when they get that way. The difference in this year's game from last year's wasn't in the Texas team but in ours. We hit hard early and got them before they realized they were in a ball game.

North Carolina Great
Blair Cherry, Texas—North Carolina was great out there. We weren't sharp enough to take care of the Tar Heels. We simply made too many mistakes. They were high and we weren't.

Old Professor—The Tar Heels took Texas in high, in other words. Mr. Labrucherie, you don't seem too disappointed.

Bert Labrucherie, U.C.L.A.—No, professor, I guess we're lucky the score was only 19 to 0 against us. Northwestern is a tough club in a tough league, and will make trouble for anyone.

Bob Voigts, Northwestern—We were farther along this year than we were last year when we met U.C.L.A. and I think everybody played a fine game, everything considered.

Old Professor—Mr. Faurout, you seem confused.

Missouri's Signals Crossed
Don Faurout, Missouri—Yes, sir. We got our signals mixed. We practiced to stop a single wing offense and Ohio State then beat us from the T. We missed a couple of passes which could have made a lot of difference.

Wes Fesler, Ohio State—We not only mixed up that offense, but our seven-man line, minus linebackers, got up a good defense. We're due to get our feathers clipped this year.

Williams Has 4th Jr. League Swat Title Sewed Up

Chicago, Sept. 27.—(P)—With five games remaining until the season's end, defending champion Ted Williams of Boston today apparently had his fourth American League batting title on ice with .368. That is percentage points ahead of runner-up Lou Boudreau of Cleveland.

Williams last week dropped eight points, thus yielding seven notches to Boudreau, who slipped a lone point to .354.

But unless Williams fares far worse than his five hits in 23 trips last week and Boudreau does much better than his six-for-19, the Boston better should finish the season as only the third American leaguer ever to win four or more batting championships.

Third in the batting column through Sunday's games was Cleveland's Dale Mitchell with .337. He gained three points last week.

Other leaders: Al Zarilla, St. Louis, .326; Barney McCosky, Philadelphia, .323; Luke Appling, Chicago, .322; Bob Dillinger, St. Louis, .321; Bill Goodman, Boston, .314; and Hank Majeski, Philadelphia, and New York's Joe DiMaggio, each with .313.

In addition to crashing the top 10 hitters, DiMaggio last week continued as leader in two important specialized departments. He increased his RBI aggregate by eight, to 153 and belted another homer for a season bag of 30.

New York's Tom Henrich also maintained his double leadership—in two-baggers with 42, and runs scored with 135. He also moved into a tie with Ed Stewart of Washington for most three-baggers with 13 each.

Still a third two-way leader was the Brownies' Dillinger with 197 hits and the most stolen bases, 25.

Boston's Jack Kramer picked up another victory to remain the league's best percentage pitcher with a 17-win, five-loss record for .773. Bob Feller, sparking Cleveland's rousing pennant drive, mowed down 15 patters on strikeouts last week to hold his lead in that department with 161.

Markets at a Glance
New York, Sept. 27.—(P)—Stocks—Lower; rails and steels under pressure.

Bonds—Lower; rails decline. Cotton—Quiet; liquidation and hedging.

Chicago
Wheat—Higher; deferred contracts sharply up.

Corn—Lower; weaker cash grain market.

Oats—Steady; light trade.

Spang Seeks Title Of Illinois' Top Prep Grid Scorer

Springfield, Ill., Sept. 27.—(P)—Darrell Spang, Normal Community's elusive, 167-pound halfback, is having a spirited bid to become the top individual pointmaker on downtown high school gridirons this season.

Spang collected 12 tallies on two short touchdown thrusts in Community's 33-14 triumph last Friday over Clinton, bringing his three game total to 48. Spang ran wild for all four of his team's touchdowns against Fairbury a week ago and made two in the opener against Rock Falls.

The Normal Community star can look for plenty of competition from Wally Steffen, slippery Roxana halfback. Counting once on a 65 yard excursion, Steffen raced for three six pointers in Roxana's 26-13 win over Sparta to boost his two game tally to 42.

Other Contenders
Two other strong contenders are Halfbacks Don Kissell of St. Bede Academy in Peru and Glen Temples of Oakland.

Kissell had a field day as St. Bede walloped Streator 41-7. He bagged four touchdowns and one conversion for 25 points and connected on three passes for 78 yards.

Temples wheeled 80 yards to pay dirt on the second play against Atwood and later added three touchdowns, on shorter jaunts. Oakland won 35-6.

Reviewing some other sparkling weekend performances:
With time left for one more play and his team trailing 6-0, Left Halfback Lloyd Smith punched over for three yards and the touchdown that earned Freeport a tie with LaSalle-Peru. LaSalle's score was set up on a daring play that covered 89 yards. Quarterback Bill Plantan faked a kick behind his own goal, then whipped an aerial to Halfback Art Gapsinski who sped to Freeport's two yard stripe before Smith nailed him from behind.

Pekin Licks Canton
Nearly 6,000 home rooters cheered Halfback Wally Wheel of Pekin's Chinks who scooted for the first three touchdowns as Canton bowed, 32-12. Wheel counted on a 22 yard pass thrown by Quarterback Bobby Watson, a 14 yard run from scrimmage and a 42 yard return of a pass interception.

The neat passing of Peoria Woodruff Quarterback Zack Monroe baffled Peoria Central's Maroons, who lost 18-0. Monroe looped one to End Leo Davis to open the scoring. He found his mark on seven of nine aerial attempts in the first half.

Bib John Bauer, workhorse fullback of Benton's Rangers, shredded Eldorado's line for 252 yards on 12 running tries and racked up three touchdowns. Bauer toted the ball six successive times to cover 55 yards for one score and raced 64 yards for another. Benton won, 26-6.

One of the weekend's longest paydirt dashes enlivened East Moline's 26-7 conquest of Ottawa. Back Bill Baltzell flipped a lateral to Len Wande Walle, who sped 92 yards.

Here's the way they stand today:
Home runs: Kiner, Pirates, 40; Mize, Giants, 39; Musial, Cardinals, 37.

Runs batted in: Musial, 126; Mize, 124; Kiner 118.

Kiner and Mize wound up in a tie in the homer derby last year. Each hit 51.

If Musial should cop both the slugging crowns along with his first in batting, runs, hits, doubles and triples, he will become the first player ever to make such a sweep.

His 378 batting mark, three points over last week, already has assured him of succeeding Philadelphia's Harry Walker as the hitting champ. Closest to him is Philadelphia's Richie Ashburn who is finished for the year. The Philly rookie has a .333 mark.

Musial also is far in front in runs, hits and triples. He leads Philadelphia's Del Ennis in doubles, 43 to 40.

The great card batsman has scored 131 runs, collected 223 hits, and has smacked 18 triples.

Behind Musial and Ashburn in the big 10 are Alvin Dark, Boston, .324; Tommy Holmes, Boston, and country Slaughterer, St. Louis, .321 each; Dixie Walker, Pittsburgh, .319; Andy Pafko, Chicago, and Jeff Heath, Boston, .317 each; Sid Gordon, New York, .301, and Jackie Robinson, Brooklyn, .300.

Ashburn seems a cinch to wind up as the stolen base leader unless Brooklyn's Pee Wee Eise and Pittsburgh's Stan Rojek can wild the rest of the week. Ashburn has 32 steals to 24 each for Reese and Rojek.

St. Louis' Harry Brecheen figures as the league's strikeout king. He has whiffed 143 compared to 128 each for Brooklyn's Rex Barney and Boston's Johnny Sain.

Brecheen also is second in the pitching percentages to Pittsburgh's Rip Sewell. The Pirate veteran has a 13-3, .813 mark, compared to 19-7, .723 for Brecheen.

Jacksonville Elevens Come Through Combats In Fairly Good Shape

A check of Jacksonville football camps Monday indicated that the city's three grid outfits came out of last week end's tilts in fairly good shape.

Only one Jacksonville player is listed as an unlikely starter this week as a result of previous action. He is Barney Vilks of Illinois College, starting halfback who was injured on the kickoff at Scott Field Saturday afternoon. Vilks suffered a bone chip in his leg and won't play against Principia College here Friday night. He's expected to return to the squad one week from Wednesday.

Grove Also Hurt
Bob Grove, I.C.'s starting quarterback, was also carried from the field at the air base. He has a sprained ankle, but will be back with the team Wednesday afternoon.

Although there were apparently no other serious injuries, the entire Blueboy club took a terrific physical beating in the season opener. No contact work was included in Monday's workout for I.C. Coaches Al Miller and Joe Brooks had most of their charges out in light equipment taking limbering up exercises as a means of working out their kinks and bruises.

The Blueboys will get to work in all earnestness again tonight, however. The hilltop mentors have arranged a long workout under the Jacksonville high school lights. The drills are slated to begin at 7 p.m. and will last well into the evening. Fans are invited to witness the practice.

Report On Opposition
The college coaches plan to give their outfit a report on Principia tonight. Most of the rehearsal will be spent working against Principia's type of offense.

Coach Bob Kraushaar of J.H.S. took his candidates Monday that he didn't agree with those that think they played well in the first half of the Quincy game here last Friday night. The only reason we looked good, he said, was because we managed, by some means, to keep the ball so that they couldn't score upon us.

"Our blocking and tackling Friday night stunk," the Crimsons mentor said. To that Assistant Hal Wimberly added, "it was conspicuous by its absence."

Kraushaar told the players that on play after play Friday he failed to see a Quincy man on the ground. He called for more aggressiveness in practice, adding that the team couldn't learn to block and tackle hard by taking it easy on their teammates during rehearsals.

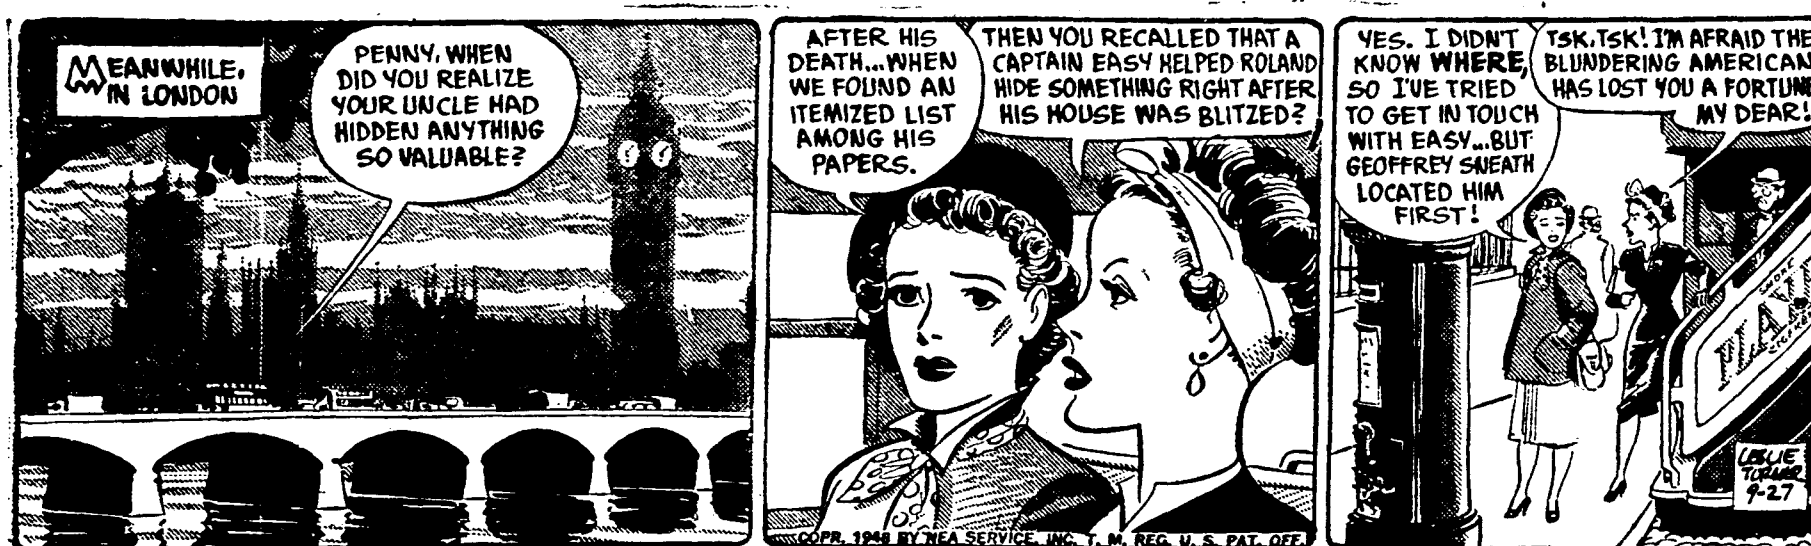

Several Nurse Injuries
A number of the Crimsons worked out in light equipment Monday, staying out of scrimmage. But their injuries aren't considered serious. Charlie Runkel, Tom Mills, Keith Tucker and Junior Jording were or-

dered to take it easy Monday. At the same time several Crimsons returned to full equipment. John Whitacre, who has seen limited action since the Pittsfield game, and Johnny Walker, who has been out since that opener, both were back Monday. Walker probably won't be allowed to take part in much contact work this week, however, and isn't being considered for use before a week from Friday.

Police Squad Car First At Safety Lane

A Jacksonville police department squad car driven by Patrolman Jack Gunterman was the first car through the motor vehicle lane when it opened in the 400 block of West College avenue at 1 p.m. Monday. It passed.

Shown in the photograph are Theo. E. Schwartz of Bethany, Ill., in charge of the safety lane, Patrolman Gunterman, Chief of Police Frank Kiloran, Sheriff Ralph Bourn and Don Douglass, JayCee safety chairman.

A total of 195 cars were run through for a free mechanical examination Monday afternoon. Up to 300 cars are expected daily while the lane is operated here through Friday.

Of Monday's 195 cars only 98 won the green OK sticker on the first inspection. Exactly 78 were rejected on the first test.

Faulty headlights were the main cause of rejection. More than half, 49, of the defective cars had improper headlights. Stop light and tail

lights ranked high on the rejection list; more than 20 cars were turned down because of faulty brakes. Owners of 19 cars got their cars repaired and won the safety sticker on their second trip.

The Department of Public Safety now has two of these lanes operating in Illinois. It was brought here through the cooperation of the Junior Chamber of Commerce, the department and the law enforcing agencies of Jacksonville and Morgan county.

Questions And Answers ON THE OCT. 9 SCHOOL ELECTION

The County School Survey committee has submitted a series of questions and answers to the Journal Courier in the hope that these may stir up interest and clarify issues in the forthcoming school election on Saturday, Oct. 9. The committee invites further questions from interested citizens which some member will attempt to answer. Questions should be addressed to the Survey Committee in care of the Journal Courier.

1. There is to be a school election on Oct. 9. What is this election for? This election is to vote upon the issue of forming a consolidated unit school district—an over-all plan for the county.

2. What territory will this consolidated unit district include? All of Morgan county, excepting that part of Morgan county now included in the Ashland Community unit district No. 212, and excepting the present Waverly Community unit district No. 6, and excepting that part of the New Berlin Community Consolidated unit school district No. 16 which lies in Morgan county and plus those parts of Cass

and Scott counties which are now included in the Arenzville-Concord-Chapin Community unit school district No. 27.

3. What is a unit district? It is a single district which contains grades one through twelve, under one administration and one board which makes but one tax levy.

4. Who proposed this over-all plan for reorganization of the schools of Morgan County? The County School Survey committee.

5. What is the School Survey Committee? It is a group of nine citizens elected about three years ago to represent the people of Morgan County. This committee was required by law to study the schools of the county, to make recommendations for reorganization and to submit their recommendations to the voters of the area affected.

6. Where may information be obtained with regard to the proposals which the committee has made? Five thousand copies of the Final Report of the Survey Committee were printed in a twenty page booklet, with maps and charts. It was distributed through the schools of the county about Sept. 15. Copies are available to any person at the office of the County Superintendent of Schools.

Senator Barkley Pleads For Unity In Democrat Party

Asheville, N.C., Sept. 27 — (P) — Senator Alben W. Barkley told Southern Democrats tonight a vote for any other candidate than President Truman "is a vote for the Republican nominees."

First of top Democratic candidates to invade the south where many dissident party members are backing South Carolina's Gov. J. Strom Thurmond for president, Barkley said it would "be a tragic thing if the partnership between the Democratic party and the states of the south were to be destroyed."

Thurmond, state's rights Democrats' candidate, is on the North Carolina ballot with Truman and Governor Dewey.

Barkley, Democratic vice-presidential nominee, spoke at an outdoor rally arranged by the state Democratic committee, formally opening North Carolina's political campaign.

Rev. Cobb, pastor of the First Baptist church, officiated.

To the strains of nuptial music which was played before the ceremony, the bridegroom, the best man, Charles Johnson, and the maid of honor, Helen Heavner, both of Jacksonville, took their places at the altar.

As the Lohengrin wedding march was played, the bride and her father came down the aisle. Miss Taylor wore a gray gabardine semi-tailored suit and black accessories. Her corsage was of gardenias. The maid of honor chose a dove gray gabardine suit, black accessories, and wore a corsage of yellow roses.

Republican Club Hears Governor's Secretary

The monthly meeting of the Illinois Republican Women's club was held Monday afternoon at 2:30 o'clock in the banquet room of the DuSap hotel, with Mrs. Philip Bradish presiding. Guest speaker for the session was John W. Chapman, secretary to Gov. Dwight H. Green.

Musical selections including "Waltz in E Flat," and "24th Prelude," both by Chopin, were presented at the opening of the meeting by Noel Rousey.

Mrs. H. L. Mayberry, the secretary, read the minutes of the previous meetings, after which by Miss Eleanor Carr. Mrs. Bradish announced Nov. 14 and 15 as the dates set for the national Republican meeting in St. Paul, where Gov. Thomas E. Dewey will be the featured speaker.

Committee Named The nominating committee appointed for the election of new officers was read and includes Mrs. Thessell Bossarte, Mrs. Gail Ranson, and Mrs. James Wood. A report by the social chairman, Mrs. Ray Patterson, named Mrs. C. W. Rhodes the hostess for the next meeting.

Mrs. Hugh Green introduced the speaker of the day, John W. Chapman. Mr. Chapman restricted his address to answers to the various charges which have recently been aimed at the state government by the Democratic party. Among the issues discussed were the accusations (1) that "gamblers gave Gov. Green \$200,000 four years ago," (2) that municipalities received less from state aid in 1947 than in 1939, and (3) that the state administration has been extravagant.

In answer to the first charge, Mr. Chapman stated: "The governor of a state is without law-enforcing power unless that power is specifically given him. No governor has the authority to issue protection to gamblers, therefore why should gamblers pay Gov. Green? It is not my belief that gamblers are naturally philanthropic."

Says Cities Gained "No basis can be found for the statement that municipalities received less from state aid in 1947 than in 1939," Mr. Chapman continued. "Statistics show that 180 millions were paid back from the state to local communities in 1947 as compared to 115 millions in 1939."

Attacking the charge that the state administration has been extravagant, Mr. Chapman said: "The opposing party has promised large grants to education and old-age, yet promises to cut down on sales tax also. Can this type of promise be recognized? No candidate is sincere when he talks about reducing taxes on one hand and increasing appropriations on the other." He went on to point out that Gov. Green has reduced the sales tax, the state's greatest source of revenue, from 3% to 2%, and has still managed to balance the budget.

At the close of the meeting tea was served with Mrs. G. O. Webster and Mrs. Cloyd Wilson presiding. The refreshment committee included Mrs. Clyde Black, Mrs. Armin Fricke, Mrs. W. G. Hadden, and Mrs. John Capp.
